

We are regular viewers
of Sunday's Prime Minister's
Questions.

Please return to the
caption which states
the Member of Parliament's
Constituent town/city/area.
When each speaker is
thus identified, it gives
a better perspective on
regional issues & concerns.
Merely stating "Labour"
or "Conservative" & "British
House of Commons" is not
enough. Please return
to the old format. Thanks!
