Mark Mangiola, General Manager  
Paragon Cable  
7441 Chapman Street  
Garden Grove, CA 92541

Dear Mr. Mangiola:

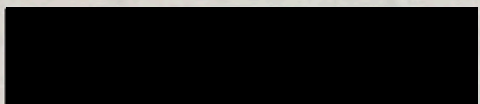

Much to our dismay we find Channel 26 in Huntington Beach no longer carries C-SPAN during the daytime. We were never notified that there was to be a change in C-SPAN programming.

Most of the residents of this community, the Huntington Landmark, watch C-SPAN daily. Our weekly discussion group has become dependent upon your programming for information about public affairs and, in fact, often use a five or ten minute C-SPAN videotape to introduce our topic for the week.

Please let us know what we can do to restore this magnificent program to its regular hours. How else can we witness important government events as they happen and in its entirety? Must we be at the mercy of the "regular" networks with their incessant commercials, soundbites, and superficial coverage of daily events?

We trust you will send us your new program schedule as soon as possible and tell us how and why C-SPAN is no longer available round-the-dock.

Sincerely,

Huntington Beach, CA 92646
