Dear Brian,

Listening to you on C-Span 2
is something to look forward to.

You are indeed a person who
is able to listen to both sides of an
issue and never show your own
feelings. That is a gift a lot of
us don't have.

Even my husband
likes you - and that is some-
thing if you know him, cause
he likes very few people.

We both look forward
so, to your wonderful program.

You have such interesting
guests and such a variety of
subjects one never loses
interest during the entire program.

Also you are a very
handsome man, and quite brilliant.
If you have children, they can
be very proud! If not,
we the public salute you &
hope you continue on
with your great program.

Respectfully
Mr./Mrs. [REDACTED]
