

Steve (I knew you'd 10-12-98
glad around the Republicans)

Jill Nelson is a phony & so
last Wash. Jr. she said she was
sick of Jewinsky but that's all
she's talked about. The honest
black who called in is right.
He sees the true picture about Clinton.
She has a ~~nerve~~ comparing Clinton to
Jefferson - Jefferson contributed a lot
to our great country (in a good way) Clinton
contributed a lot to this country (in a
bad way). Where are her morals!!
Please keep these idiots (like her)
off TV. We've heard millions
of them - we're sick of their phony
news. Toni Morrison was enough
for me. Emily Dick gives mostly
to liberal women candidates. There
are more rich liberals than Repub.
Why shouldn't the movement party re-
ceived more. The Dems always did
when they were in power!! Why doesn't
she talk about foreign policy like
Kagan did - we don't need this
tripe!! We all know Clinton would be
impeached - so quit harping about it.
She is not an intelligent woman. Don't
jam her down our throats!! Mrs. C. is
worse than her husband.
