I caught a portion of your morning call in program with Cal Thomas and enjoyed hearing his comments. I hope you will invite him back often and that he will be able to come.

Thanks so much for C-SPAN. I do wish it was free and on Broadcast TV but am thankful lately that it has been added to the bare basic cable service here on TCI and that so far I am able to afford it.

I enjoy BookNotes & America
and the Courts and was happy to see
Justice Clarence Thomas featured
again this last week.

Keep up the good work.

Lately since TCI moved you to
Channel 19 here in Bremerton I've
experienced some poor reception
so I'll give the local operators a
call,

Thanks again.

Sincerely yours,
