Dear Brian,

Thank you. Jim
Niklaszewski is great - how
it must pain him to work
for a censored network. Still
he managed to allude to a
lot of the truth. He should quit
& come to you. I am the woman
who called in & said there
was no crisis in the Gulf -
that it was in Russia. Nothing
else scans. Just so you'll know I'm
not raving, I used to be a
senior field operations analyst
(ranked #1 in N.Y.) When
all of this shakes down, the
Yellow Press, Zionist and
other perverting influences
will come to light. Perhaps
even Satanic, but I don't
want to get carried away).

What concerns me is no one
has filmed anything in the
U.S.S.R. - even CSPAN. Is
there a reason for your
not doing this? You are
about the only honest
network left.

Incidentally I
left two government jobs
because of corruption. One
person unfortunately can
only fight alone so far and
so hard. (Perhaps this is
my fault - evil makes me sick.)

Are you aware that
during Bush's campaign, a ^{eye-witness}
Polish-American pilot, ^{eye} stated
his version of what happened
To Bush - essentially that he
acted like a coward. At this
point, I would take the
word of any Polish-Americans
over Bush. Perhaps Bush is
the ultimate wimp + has been
overcompensating since he was 19.

Best of luck to you. You are
our candle in a world of
darkness.

Sincerely,
