C. Span,

This letter is written in regard to the announcement of your evening programs. Generally at 7:00 CST the announcing stops at midnight. <sup>programs</sup> Some time ago programs for the entire night were listed. Before I retire, I want to know if an interesting program will be on. Then I will plan to wake up to watch it.

"Thanks for C. Span"! I agree with your viewers. The callers' comments are interesting. I'm curious about how some callers <sup>feel</sup> when their questions aren't answered or even combined with another answer.

I become better informed about our government, the Congressmen by name and their views as I watch sessions and hearings in the Capitol building.

If I were to write this letter again to improve it, I'm sure that I would do no better.

Thanks for hearing my ideas.

Sincerely yours,

"How exciting! I just happened to turn to the C-Span channel, and what to my surprise was Speaker Gingrich being honored at a Farewell Home Town Meeting<sup>12-14-98</sup>"  
[In my opinion "Newt" is the best speaker of our nation. His content, his organization of the subject, his knowledge of his topic, his delivery, and his humor, also his awareness of his audience make him rank highest to me. Can you include him in your calling for best speakers?]

At the Walton High School in Marietta, Georgia a large crowd ~~were~~<sup>was</sup> speaking his praises, telling about special ways he had helped them as the many people cheered, clapped, and stood in their admiration for the speaker. I had not seen the beginning of the program, which I was not aware of. Happily it was announced that it would rear at a specific time. Then I had the pleasure of hearing the Speaker talk of appealing matters to his audience and listen to their individual responses. [REDACTED]
