Dear Sir or Mrs.

I can't believe that
would allow the Japs to
complain about what happened
to Hiroshima. Well I am
not sorry. What I am sorry
about is what they did to
Pearl Harbor. They were in
Wash. to tell F.D.R. that they
didn't want ~~war~~ ^{war} with the U.S.

That's what is going on
now with Russia and Iraq
this stupid Bush is going
to trust Russia and the
the other Commil Countries

This President + Reagan
are two rich people who
could care less about the
little people like the enlisted
men he will have killed again
like he did in W.W. II and Panama
You see the trash he hangs

around with, like Margaret Thatcher (Iron Lady) the Catholic Irish Killer.

What the hell is she always on C-Span for. To get more money to kill real Irish. They, England never paid the U.S. back from the Second World War. Two The English are just like her, scum of the earth. So keep Her, Bush and ugly Vice Press, off C-Span. Put some good Americans on there.

This man is as big a mad as Hitler. Get C-Span back to Americans or go off the air.

Get with it.
