Dear Brian,

cc: S. Trahern.

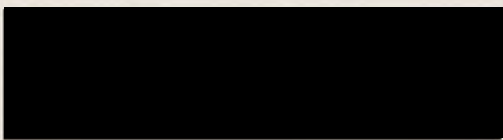

We love your show and
appreciate the value of CSAP.

Today's program review-
ing the week's events was
Pitiful. Calton had a

few comments that ex-
pressed some interest; the
other 2 appeared to be
self-satisfied, smug,
above-it-all, disinterested.

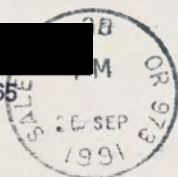

Phew! No more -
PLEASE.

Much appreciation of
your fine work at term.
