

Why Do I listen and watch C Span?

I don't like my age of 61.
I'd rather be a young 31;

But I'm walkin' and talkin' —
So I'll settle everyday being # 1,

Still I wonder if I

Can be ————— 121 ⁸ ₃

I'll keep trying.

Trying everyday calling C-Span
— for over a year I've
called almost every night
and never gotten through.

I - continue to watch and listen;
because I know my place;

I am poor.

I know of people who are
more poor.

I am a poor one in pain.

I know others who need more.

I know that our small
home still gives more
than we immediately
have returns, but:

We know our place in life
because we give.

You are giving to us
free access to our country
and world news that we

Never have had, nor expected
to be privy of same. Thank you.

We are involved — and
you bear a great burden and
opportunity to aid us all

to determine our own

I do not really write you
