To Whom It May Concern,-

As you know, "The Washington Journal" is basically a liberal program and your newspeople are 90% liberal and they choose liberal newspapers. Although its liberal I can tolerate it because you have open phone lines.

The 2nd part of your program, "Newspaper Roundtable" has changed drastically since different preferential phone lines. I am disappointed since you are now censoring

O.WJ

calls. If you are going to do this type of censoring I can watch any liberal program.

Because of this I am canceling my cable at the end of the month. I only have cable to obtain C-Span and your liberal programming now holds little interest for me. I will encourage my friends to do the same.
