C-span II - Your book program of 6/7,
in two parts, drove me away from both.
The first 2 hours, on Colley, BookStores,
was as dull and repetitive as might
be. It was reprehensible. I feel
your might have made a point. Your
host Matt teach Boredom 1. How tedious
can you get?

Your "gay marriage" bird war just
disgusting. I looked for an overview of
homosexual marriage laws, but what I
got was a hymn to Sodomy by a
proving son of Sodomy. He managed to
be uncommonly dull, besides. What a
pasturing jackass. He should be hanged.
