is of C-SPAN and think it
television since the
word network was put in to operation.
C-SPAN is the only fair and unbiased program
worth watching today. You are the lips
of the people as far as this citizen is con-
cerned!

Your C-SPAN Camera Covered the Straw Poll
held by the Republican party in South
Carolina on March first and all of us
voters had a chance to hear and see
nine of the Republican candidates who
are wanting to be the nominee.

There is only one person during the nine
speeches made that to me has the
answer for what is so very wrong with
the society in our country! This man
hit right on our national problem and
he came across very strong to all the
people who heard him! His name
is Alan Keyes and this fine man
made one of the most brilliant speeches
I have ever heard.

This man made me proud to be a
member of the Republican party and gave
me new hope for our country to know
our party has this rare type of person
who thinks as this voter does.

Dear Sir,

I am a daily viewer of C-SPAN and think it is the greatest event on television since the word "network" was put in to operation.

C-SPAN is the only fair and unbiased program worth watching today. You are the eyes of the people as far as this citizen is concerned!

Your C-SPAN Camera covered the Straw Poll held by the Republican party in South Carolina on March first and all of us voters had a chance to hear and see nine of the Republican candidates who are wanting to be the nominee.

There is only one person during the nine speeches made that to me has the answer for what is so very wrong with the society in our country! This man hit right on our national problem and he came across very strong to all the people who heard him! His name is Alan Keyes and this fine man made one of the most brilliant speeches I have ever heard.

This man made me proud to be a member of the Republican party and gave me new hope for our country to know our party has this rare type of person who thinks as this voter does.
