Dear Sir:-

I have just watched one whole day of C-Span's coverage of Congress. This is history in the making and we see how Congress works.

Last night I watched C-Span till 9:30 p.m. Had to go to bed.

I'm a C-Span junky.

I watch Channel 30 when channel 38 gets a little dull.

I like seeing Brian Lamb shake hands with the people he is interviewing. Don't get him to change.

I like Sue Swann and the black haired girl. When I lived in Elgin, Illinois, from 1978-1987 I saw C-Span from Centel and I liked it there, too.

I think Brian must read all about the people he interviews. He does well.

Thank you very much for something so honest.

Sincerely,
