Gentlepersons:

I can't thank you enough for your terrific coverage of the Convention. I have been glued to tv every hour you're on - including the roll-in. I've tried often to get thru on the phone. This coverage alone makes CABLE worth having.

I often watch Congress on C-SPAN. However, it's such a pleasure for me to feel the sentiment of the crowds without a sour, cynical Brinkley, Wells or Donaldson interpreting for me. I think they would choke to death rather than utter one word that wasn't critical of all Democrats.

I volunteer, I vote, & attend party functions & work for what I believe in so I appreciate C-SPAN for helping me to 'attend' this convention. I do feel the GOPs (Martin & the Man) were out of place at the convention!!!!
