Dear Brian =

enclosed are some of my
1991 calendars. This country
Chiropractor likes to collect
photographs of people he likes -
Please send me yours - also,
your pre election coverage is
absolutely outstanding - and
ego-istically and egotistically - I
only ^{have} know one person that could
do better interviews than you -
yeah, its me. All of your inter-
viewers are great - I covet the

(over)

"no opinion" attitude that you
demonstrate. As all C-Span
junkies know - we want to
hear what John Lofton has to say -
or Chas. Black or Jesse Jackson -
not to show Dan Rather where his
sweater or Ted Koppel combs his
hair - have a good Thanksgiving
