Dear Brian.

I watch C-SPAN because it is the most informative and educational program I can imagine and the best bargain I available today. My interest in Public Affairs and in the process of government is unlimited.

I am a political science major, a former High School teacher and a retired government employee. You might expect that I would be tired of government and politics but I watch C-SPAN as much as time permits. My house work, yard work and other activities suffer but I feel that I am making up for lost time.

I also feel that your program
will bring the people of the
Country closer together and
will eventually help encourage
more citizen participation in
government.

You and your staff are
doing a fine job. I could
use many superlatives - among
them would be good judgment,
balance, good humor and broad
knowledge. I find it hard
to think of anything to criticize.
One thing does surprise me - just
people in Arlington know
about C-SPAN. I discovered it three
years ago!

Keep up the good work!

Sincerely

Arlington, VA
