

1-13-94

Dear Brian:

I wrote about 2 weeks ago
I thought maybe you might
answer some calls from Texas,
but the operator says hang up,
they are not gonna answer you!
I am disconnecting you. So you
see I can't get them to you.

I was working for AT&T when
it was split into these 7 bells co-
& I am interest in several, so
I think maybe these air waves
should be ours as much, Calif.
& New York I worked for over
thirty years & I think I know
just a little about this. I get
a news letter from the Cos-telling
me about what they are doing..
So I am waiting the F.C.C. to see if
maybe we could get a little corporation
(over)

Last week Seven Sully had a
Interview with Molly Evans in
Austin, Texas. I didn't get in on
the first and I've it on for a week
No news on that. So you see
you are just a bunch Right
Wings & I guess you belong
to American Spectator you have
all 3 them on the air all time
I'm hoping maybe I can get
a few results from the FCC if
I can't I'm gonna see if al-
Gore will give us a station
on his ~~electro~~ Highway - our co
is having a Convention in a few
weeks & I'm gonna bring all of this
up to them we are a pretty strong
bunch when we get together -
Sincerely

I just heard you ask about
that man about Loyd Bensen
Will brother he is a Credit to
anything you have up there, he
is from Texas. Of course he is
not a right winger like you -
anytime I looked at TV yesterday

Bob Loh was on the air, &
his is little smile like me
but you think he is smart -

I would like to ^{talk} Bensen about
this Banking Business, I heard a
man on Larry King said he was
a Banker and that was against
the Law for all this Banking Business
about the Clinton, they are supposed
to have all special order to go
to ark. & go thru all those papers.
I would like to know the truth
about everyone gonna up there &
going thru all those papers. They
had CPA to fill out those Income Tax

And I don't think they would
do anything against the law-

I would appreciate it if you
would rerun Nelly ~~the~~ interview
