To: The Most Privileged;

I have delayed writing for several months, because I felt my letter would have no effect at all. However, I am really disgusted and it seems to get worse as I watch C-SPAN "Lilly White" Moderator, how in this world can you "White Moderators" continue to face the American people and look straight into the camera, there are no minorities at all, yet, even worse C-SPAN? Claim ~~to~~ represent America? Do you actually believe you represent America where do C-SPAN employees (white of course) live and work, there are Japanese, Vietnamese, Afro Americans Spanish that contribute to the population of this country and died for this country I fought in Vietnam, what for do you can show your white faces, yes I am Black and I am angry show this letter on your letter of comment. C-SPAN Bias toward Republicans is also outrageous as well
