Srs: It's interesting that you worded the <sup>legislative</sup> amendment during the voting as you did referring to the Pell grant. The amendment did not deny Pell grants to inmates. It allowed for the continuation of the grants to inmates until 1996 at which time the Secretary of Education and State Education Administrators would certify that the program was either cost effective and reduces recidivism or not, if not, then the Pell grants would be <sup>terminated</sup>. Too bad it lost. Big mistake, typed & I reflecting a slave master's mentality - det those "bad niggahs!"
