Dear Mr Lamb:

Keep on doing what you are doing - you are doing a very good job.

I believe in total openness - watching all the hearings has been wonderful for me. It has raised my awareness level tremendously. I really thank you.

I am afraid when I hear Senator Simpson knocking the press. How can we possibly make good decisions without information? I think anyone who knocks the press does not understand our constitution or wants to control the masses as a Nazi, Communist or dictator.

Thank you again - C-Span is wonderful - what a gift to democracy.

Sincerely,
