Gentlemen:

I really enjoy watching some of your programs but because TV Guide does not list your programming schedule, it is difficult to know what or when some programs appear.

The program I am particularly interested in is Journalists Round Table, but I can never seem to find it.

If you have a program schedule, would you please send me a copy. The Bravo Channel also seems to show your programs but there are no listings until 7 PM in our area.

Thank you for any help you can give me.  
Sincerely,
