Campaign for Military Service, via C-SPAN

I've just heard you all speak up for Gays & Lesbians on C-SPAN tonight. I don't think you've convinced me that you have the right to be ideal models to promote a good lifestyle. And, talking of no compromise - what can you end up with? Disease and then death?

I saw the other side of the problem. ^{C-SPAN} Seeing how you can all multiply with more diseased ^{people} and then death to many.

Didn't you behavior? How can I? If your sex is so ~~unclean~~? I can't understand how you can get pleasure from a rectal coming. It seems so dirty and I can see how ~~there~~ this can end in disease. And - your anal taking each other. I don't understand loving that way.

And teaching little children that way to love is right. You can't make children that way so if you adopt you'll ruin their lives. You are contributing to further disease & Aids & I can't condone this lifestyle. I'm sorry. It has nothing to do with me.

discriminating against you all:
It is a matter of Medical and moral
help that your group needs.

Sincerely,

[REDACTED]

Des Moines.

You can only hurt the Military
and civilians too.
