

July 23rd  
Dear C-SPAN - & Brian -

I'm writing to request  
a ten year anniversary  
"Book Marker". (I've watched most  
of the ten years - I had to  
harass our Cable company and  
write "letters to the editor" to  
get reception.) I'm up at 4:00am  
for the journal most mornings.  
I hope I'm not too late -  
I've been in London for almost  
a month.
