Greetings,

Please forgive my ignorance of your name; I never had cause to address a letter to your network before. This morning, I happened to come upon C-SPAN2 when you transmitted a talk by M.I.T. Professor Noam Chomsky on "Prospects for Democracy." I believe he was recorded on March 8th.

I'm compelled to write because I found this to be the most astounding and brilliant presentation I have witnessed on American television, and so I want you to know I'm grateful to you for providing it. With this one program you perform an immense public service.

Please do me the favor of having someone in your office phone me collect to let me know when you will next re-run "Prospects for Democracy," as there are many people I'd like to invite to view Chomsky's extraordinary lecture.

I am stupendously impressed. This fellow Chomsky must be our country's best kept secret; thank you for exposing me to him, and for your consideration and prompt attention in this matter.

Very truly yours,
