Dear C-SPAN:

As a "politicaljunkie" I've been Crazy-Glued to S-SPAN or my trusty word processor since the beginning of the Souter hearings. I'm very grateful for the opportunity to have heard/seen all of that and the congress in action. Without exaggeration I have at least twelve SLP tapes covering both of these events.

But, for me, the best of all these last few weeks has been this evening's program with Dr. Michael Fox.

I've recently ordered the C-SPAN program guide and the Congressional Handbook and I hope I'll see Dr. Fox listed again. He deserves more than an hour.

As for the Souter my third day tapes are incomplete because of the time schedule. Please advise if you make these tapes available.

You're my favorite network. I loathe commercials and don't watch any stations that resort to their use.

Sincerely,
