

Hello!

and God Bless you for being what your name implies...a Lamb.

Just a thank you for the American Profile series. Watching the NY Times..Mr. Rosenthal 'trip' around the true picture of one of our journalistic prostitutes was at best entertaining. It was very obvious that he wouldn't recognize honestly if it were to blow up in his face at 'his little house party' at his 'wives' house

AMERICANS can thank C-Span for showing us 'how it is'.

Keep up the good work, God Bless America
