C-Span

I have been watching your Friday morning Round Table. you had three smart people on the program, we did not get to learn anything from them. You have a person from N. Carolina, Mississippi, Texas, and Arkansas that calls in on most of your Call in programs, this Agenda is to bash our president, which is sad. most people out here are like me, we made up our minds about our president a long time ago. we are for him all the way. Eleanor Clift is right the Republicans just don't get it.

I have tried to call in I have never been able to. How do the people manage to call in on every program?

I like C-Span, I watch when I am home.

Sincerely,
