C-Span Update:

If I could have gotten through to
ask Mr. Gonzales a few questions
(after listening to most of the hearing today.)
I would have asked:

Why isn't Florida on the list of
states to hold hearings?

Do you know if the recent land
grab in Jacksonville, pulled by
ten (more or less) crooks who took down
two banks here? The "artists" group was
comprised of locals and included
a lawyer and two bankers.

Also, I wanted to land Mr. Gonzales.
I consider him capable and honest.

And, I wanted to plug
C-Span Update to which I have subscribed
and just received my first paper.

Sincerely,
