X- Amer Pres

I want very much to commend C-Span for its series on "American Presidents". My only regret is that I missed your showings of the lives of George Washington through Andrew Jackson (series 1 through 7). Those I have seen, Martin Van Buren, William Henry Harrison and John Tyler have been most informative, and I definitely will be viewing the rest of your series. I also might add that Ms. Suzan Swain is doing an excellent job in moderating the series.

I am enclosing a self-addressed envelope with a plea for a response to my questions.

1. Are there tapes of your series which I can purchase, and if so whom should I contact?
2. After the series ends will C-Span be showing tapes of the series at a later date, or in repeating the series?
3. Later during the program following the showing of Martin Van Buren (series 8) a presentation was made at 10:30 pm by David McCullough, author and historian on "Power of the Presidency". I regret that I did not tape this segment of your program and I would if possible like to acquire a copy of Professor McCullough's presentation. If in some way I can acquire this portion of C-Span's program I will be most appreciative.

I thank you in advance for your assistance.
sincerely,
