Mr. COLLINS

CONgratulations to C-SPAN ON your excellent coverage of the Clinton inaugural. You gave the world a front seat coverage. However, there is one thing I noticed. All throughout the coverage the 52nd inaugural was shown. I believe it should have been the 42nd. However, feel comfort in knowing Dan Rather made the same mistake in his news cast Monday P.M. For historical purposes, I may be wise to make that correction. Sincerely,
