I wanted to write to thank you for your coverage of the April 25 Gay/Lesbian/Bi March on Washington and of various other issues of importance to gay/lesbian citizens during the week immediately prior.

Although I was at the March, my contingent was near the end of the march and I missed much of the main stage activities. By taping your coverage, I was able to watch what I missed when I was there.

The March was indeed a historical event without parallel, one which I believe will change our immediate future. I am certain that C-SPAN probably received criticism for their coverage, and I salute your ^{coverage} ~~coverage~~ which brought the March and its message to many who could not make it to Washington.

Please continue your coverage of gay and lesbian topics and issues. I personally would like to see more coverage of the military ban hearings. Once again, thank you!

Sincerely
