Dear Mr. Lam:

"The more you do for people the
less they respect and
appreciate you."

Author: My mother Deceased.

Mr Chamberlain appearance
worked with the black
nation in our country.

C-Span - all networks - local too are
being manipulated - (devised)
to focus a black vs. white
to the point of racism.

C-Span need to focus more on
the successful people - women
who are givers on
t.v. etc -
People in labs etc -

Also - "where have
all the men
teachers gone?"

To real estate, banks,
their own business.

How to get them back. Brats.
spoiled rotten - all of
them pay no attention
to women - "high school?"
Worse.

"Only those who can't
teach."

If black men can forget white
men's brains, they can
move off the Glentatin
train and progress speedily.
I been there with them
in meetings that were
at best insane and
a waste of time - They hate
everyone - Japanese, Cubans et
the whole world.
Most respectfully
