Sir

Right to know

I want to express my thanks to C Span it is a tremendous asset, and I realize those of us who enjoy and benefit must give support. We already have a challenge to our Cable coverage in our local newspaper today.

It is obvious that you will have pressure on you from different angles, however, I am concerned that Senators and Representative appear on various TV channels without disclosure of the large amount of dollars they have received from the pro-Israeli Paks. It is unlikely they can speak in an unbiased way about Arab affairs when they are in the pay of pro-Israeli Paks.

Stealth Paks published by American Educational Trust, Washington D.C. gives figures for example, Rep. Dante Fascell \$111,250, Senator Paul Simon \$318,189, Senator G. Mitchell \$143,900, Senator Patrick Leahy \$106,200, Senator Frank Lautenberg \$272,750.

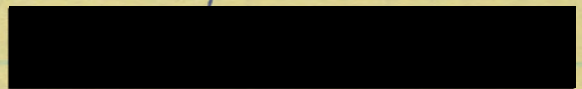

A caller spoke to Senator Leahy quite upset as to why he took his stand, I wonder if she had known that he received \$106,200 from pro-Israeli Pak.

2.

if she would have a better understanding.
This was on today's Cspan program.

I know that if one speaks about
Israel's activities it takes courage.
I have already experienced this but if
one cares about what is good for the
Country it is necessary to take a stand.

Sincerely,
