

July, 1992.

C. Span:

Dear Sir:

I watched the ^{recent} Democratic Convention + I taped many of the proceedings on my V.C.R. You put this address on the screen, telling us if we had any further problems to write ^{to} this ~~to~~ ~~number~~ address. My problem is Jessie Jackson's 1988 Convention speech.

Also, you had re-runs of former conventions + speakers, 1994, + I watched for 1988 re-run hoping you would show Jessie Jackson's speech at that Convention. You had or 2 other speakers but not him on your "sister" C-Span channel on the ^{re-run} ~~1988~~ ~~re-run~~. I had taped this back in 1988 when he made that speech.

In trying to learn to run my new V.C.R. I messed up most of his speech + some black + white movie I never even heard of ~~came~~ taped over it.

This was a dynamic speech + "Jessie's" masterpiece. of all his speeches this was his greatest. I cherished it. Oh, how I wished it had come on in the 1988 convention re-run on your "sister" C-Span Station during the D. Convention ^{last week}. Is there any possibility of me getting a video tape of his ~~1988~~ Convention speech?

And I am a Democrat, all my life have been.

Out with Bush + Duale, IN with Clinton + Gore. Clinton is TRULY "John Kennedy No. 2" - God sent him to us, Hoping to hear from you - [REDACTED] S.C.T.

page 2

It is just beautiful to see these 2 men together (Clinton & Gore).

Senator Gore gives Gov. Clinton all the honor, he never says we promise, he always says, "Bill Clinton's policy is," etc.

Then Gov. Clinton will say, "I talked this policy over with Senator Gore," etc.

The respect these 2 men give each other is phenomenal.

I only hope they win this election.

They are the 2 men this country needs, and we Senior Citizens are really "catching it" under this present administration.

I know, both my husband & I are very much medicated now, & ~~all~~ ^{all} Blue Cross & Blue Shield payments keeps going up.

I go to a Senior Citizen Center. We rode the buses free, now we have to buy tokens & pay 20¢ for each ride. Not the 25¢ the principle of it is what bothers us.

All of the parties that once were free, now we have to pay from \$2.00 to 12.00 for our parties & trips.

I wonder if this administration has a hand in the City Parks of Recreation & the Lottery? Maybe not but we do wonder at our Center. And Clinton's acceptance speech was his masterpiece. (over)

My husband & I cannot get Pace. 2682706 865700
 this is right ^{my husband} Pace should be based on the income -
~~he~~ was not a professional man, but he
 worked 2 labour maintenance jobs.

Pace should be evaluated as to how
 much medicine the Senior Citizens on Soc. Sec.
 need.

If they only need a little and are in the
 higher income bracket they should pay full
 price for their medications.

But,

if they reach the time in life to require a
 large amount of medications (like me & my
 husband are now) the Pace program should
 consider this fact & help us.

I have outlined some of the ways we
 Senior Citizens are having it hard under
 this administration.

I have faith that "Bill" & "Al" can
 bring a change for the better for us.

I am praying that they get in.

Back to my request

And can I get a video ~~of~~ tape of Jessie
 Jackson's 1988 Convention speech?

If not, a transcript of it.
 Hoping to hear from you,
 a Democrat -
