Dear Book Talk:

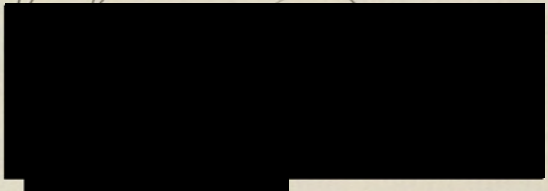

I found out about your program when I read about it in the New York Times. Since that time my husband and I have been watching every weekend and have introduced a number of our friends to the program.

We've not only bought a number of the books discussed, we even bought a small television set for the kitchen so I could watch while cooking dinner.

G. BKTW

Many Thanks for your program.
We had given up on television
watching except for our own
PBS station, and even had
cut down on watching That.

May you go forever.
