I have long wanted to call your Program but being on a small fixed income decided against it, but will take the time to write a few lines to voice my opinion

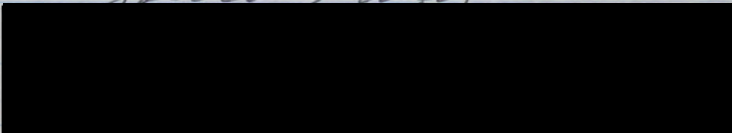

I was borned in the United States and Proud to be an American, but very ashamed about some of what goes on by our Elected Official, they sound like Children trying to hurt one another.

Now that President Clinton is all of our President, it is time to quit blaming him and other Democrats

and start being positive
and keep the Country and
not tear it down. I
am an American and
I hope others that are
supposed to be will try
getting with us and do
our share not fight
the Party. they're to do
the job not fight the Party.

ours truly
