

Dear Sir or Madam, VCC: T. Murphy

Publ. 2

This is a post-in. F. Zappa's Office of "Diplomacy" was mentioned by John Stockton (stockwell?) at American University. Call-ins are very informative.

Some callers know more than the panel members sometimes and they make sense. I wish the whole question would be answered sometimes by panel members.

I suggest a call-in panel for the state-of-the-union with these members: Chomsky, Sri Harold Klemp (ZCKANKAK), Mankiller (Cherokee), Steve Allen, Tom Waits (songwriter), H.R. Perot, Stewart Brand (Whole Earth Review), Ken Kesey, Molly Ward, Dan Rather, Dolly Parton, Milton Freeman, Norman Mailer, Ted Turner, Richard Nixon and Jimmy Carter. Sincerely,

[Redacted]
