To the C-Span Staff:

My wife and I appreciate C-Span very much and we are grateful that our Cable Co. carries it. We wish that we were able to get C-Span 2.

We listen a lot to viewer call-ins and despite the opinions of some that your guests are all on one end or the other of the political spectrum we believe your selection of guests provides the viewing public with a fair balance of views.

We are sorry that occasionally you are subject to accusations that are rude. But that goes with the territory.

We offer one suggestion for your consideration: Once each year, on or about January 20th, there is a pro-life rally in Washington and we believe it would be informative for the viewing public to compare the atmosphere that prevails at this rally with that of other activist's rallies such as that of the NOW.

Thanks very much for your fine programming.
Keep up the good work.

Sincerely
