Dear C-Span:

I am appalled, that your cable system, felt compelled too drag the bottom of the barrel on this day, and bring Robert Dornan on your program too preach his right wing propaganda.

This type of action is no less than mutiny toward our current sitting president, & if this was a current national emergency situation, those involved would in fact be hanged, for their participation.

I am a regular viewer of C-Span, & until today I truly thought you were making a effort too maintain a balance. It is quite clear at this point, that your program desires a complete radical viewpoint, rather than a balanced viewpoint.

Although there was only several negative calls too Robert Dornan, they were

Cut-off fairly rapidly by your host Steven scully, the positive calls talked as long as they desired with no cut-off. One of the negative callers ^{told} ~~told~~ Robert Dorman point blank, that he had a serious drinking problem, if you truly desire too perform a public service, try and confirm if Robert Dorman has this problem, before we have another Sen. Packwood.

Sincerely,
