Mr Steven Scully

I watched you on cable  
Tues. 21-93. on our president  
you dirty Republicans. I  
could write a book on  
Reagan and Bush. They  
were so dirty. and so  
dumb. I have watched these  
dirty ones. Its not a party  
its a gang. Destroying our  
United States. president.

Bill Clinton was voted in  
by the people. And you  
dirty Republicans cant get  
him out. as long as he  
carrys himself straight. No  
they cant steal and get by  
with it. He is too honest  
for this Gang: and perot  
as well give the money  
back to the people that  
joined his club pack up  
and go home. He has

stolen enough money off the poor. and he is not smart Perot is only smart at how to Croak people. and the dirty Republicans the same. But they never could manage the Government only how much they could take out. They have done nothing but destroy our laws and wreck the White house. If the Republicans were smart, they would of never made the debt all they did was sit and hatch up lies to the people have party's and eat dope and I am telling you. you better get these filthy programs off the air. or you may wake up and find out you dont have a job. I have cable for Government programs

You won't turn me away  
from President Clinton. or  
many others the same. People  
know what is going on.

Come the next Election  
they will be gone. We the  
people will vote them out  
These Republicans are nothing  
else but Communists. I  
remember Hitler. I remember  
Hoover. Another Republican.

Will I think you Republicans  
should leave this Country  
go to Russia or China, try  
to run their Gov. and take  
old perat with you. He  
is no good here only to  
cause trouble. Well I'll say  
this I love W.S. and  
want to see it run right  
not just for me. But for  
our people. We need some  
more Bill Clintons.  
Sincere American
