I've been watching/listening to your radio talk-shows, & for the most part, have enjoyed them. However, I noticed a big difference between these & the last time (last year?) you had such a program. The difference seems to be in attitudes; it seems all their "publicity" has "gone to their heads" - they are rude, arrogant, & no suggestion or ideas from call-ins are worth consideration. They acted like journalists, TV anchor people, they know it all! Only their "thoughts" (?) are important. Too bad they've changed!
