C-Span 1, 4:20 PM, Subject "Sex & Discrimination:"

I did not see beginning of this segment (this ^{is} a typical situation). I have watched for about 25 minutes while an attorney standing at a lectern talked to about a dozen judges. Occasionally a name appeared when a judge was speaking.

In all that time the camera focused mostly on various judges while the attorney was speaking. The attorney's name was never shown.

C-span shows subject 100 times during a segment. Spend more time on names of participants.
