Dear Mr. Lamb:

If I heard you correctly last night on Cspan you said that in this last election there was a real strain of racism in the voters. You said that they voted against Clinton because of the fact that he surrounded himself with people unlike "us" white.

I was under the impression that the moderators of Cspan were not bias - or at least not allowed to express their opinions on TV. That bothered me that you departed from the norm - but the real thing that disappointed me most was your lack of understanding about the real reason the voters of our nation voted as they did. If you check it out you will see that voters of all kinds and types - white - black - brown - angry people - disaffected people - and most of all Christian people - far right and moderate - voted their

Conservative - They know exactly how they
voted and why - it had nothing to do
with race - they wanted Conservative -
intelligent - morally sound people to lead
our country and make our laws etc. In
other words - we finally woke up. It had
nothing to do with race.

You see - I live in Alabama - and have
lived here for all my life - [REDACTED]
This last two years my husband and I have
kept up with everything that goes on in our
Government - Thanks to Cogan and Falk shows
that have let us know the truth. My
State has always been accused of being one
of the most - if not the most - racist
State in the U. S. Whether it's true or not -
I know that the only racist people I've
ever known were 'red - neck' - mostly men -
who were racist and proud of it. The
ones that still are that way always vote
Democrat. They always have - right along
with the blacks they hated. The education
and other non - racist people must always

voted for the people who stand for
family - God - clean, honest, Government etc.
We have finally elected a Governor
who is honest, Our Democratic Governors
L. G. Garrison - attorney General etc were
all dishonest - liberal and corrupt.
They were all white - and we have
voted them out. - Praise God!

This is what has happened all over
our Country. The people have spoken -
it had nothing to do with race - we
hope and pray that all people of all
races will come to see what this country
was founded on - and how far we
have gone away from the truths and
principles they had.

Think about it - you were badly
misinformed -

Sincerely
