President Roosevelt was my Good Samaritan of The Bible. I was just a teenager when he became our President and I lived with my Grandparents in Leavenworth Kansas. My Grandfather died a week after I graduated from High School. We had no money - only the house we lived in cause my Grandparents had lost their savings in the 1929 Bank Failure - so we got help from Welfare - food commodities and I worked for Welfare - first quilting - then they had me model dresses sewn by the Welfare Sisters - but finally WPA was started by President Roosevelt and I got my first job as a Statistical Clerk at the Court House - updating the Census. That's what President Roosevelt did for people who were struggling when there were no jobs in the private sector. President Roosevelt started the CCC Camps all over America for the young people who didn't finish High School and had no job - The CCC Camp workers started the Environment clean-up of our rivers and lakes - planted trees where trees had been cut down for lumber and never been replaced. Then President Roosevelt saw how Businesses were treating their hourly workers - paying them pennies a day - working them ten or more hours a day and week-ends in unsafe work place - so he got Labor Union to charge all that - finally the workers were paid above Slave Labor and were paid over time over a 40 hr week - Then President Roosevelt saw the elderly who became too ill and disabled to work and had to move in with their children who became abusive to their Parents - so President Roosevelt started Social Security - WPA -

eee Camp - the beginning of EBA - Labor Union
wages and work week and Social Security. In my opinion
there has never been a President who can measure up to
President Roosevelt in accomplishments for "We The People" who
needed a Savior - a Good Samaritan to help them climb
the ladder to a good living for them and their family.
