Dear C-Span: MAR 7 - ANS'D

I'm enclosing the fly-  
leaf from "By Way of Deception"  
(The book Israel endeavored  
to ban) & I'm am deeply  
fearful for our country. Had  
Israel Messad not only  
invaded & taken over Congress  
through Zionist pack money -  
but could they also have  
control of our C.I.R. & our  
President.

I'm very scared; as I  
see the take-over of our  
media - you are the last  
vestige of freedom - but  
controlled Israel - Bush & allies  
have taken away the callers  
who are legitimate Americans

2.

I'm beginning now to wonder if C-Span hasn't in reality also been taken over & is just a smoke-screen for freedom to keep people happy.

Your guests are pro-right; which tells me C-Span is in its last days like the other stations.

God help us all; as we set out to electify our planet - how did we let it happen - were there no men of vision in this country back after World War II; when that crisis could have given ~~imp~~ rise to guarding against this for the future.

It's strange - but I'm beginning to re-think the Hitler yr. I remember once reading that Jewish money controlled Germany - I may be wrong, but seems I read Britain once outlawed the "Zionists" - ~~has~~ I is it re-hammering here.

Read "The Lobby" - Dole gets heavy lobby money from Zionists

# BY WAY OF DECEPTION

The first time the Mossad came calling, they wanted Victor Ostrovsky for their assassination unit, the *kidon*. He turned them down. The next time, he agreed to enter the grueling three-year training program to become a *katsa*, or intelligence case officer, for the legendary Israeli spy organization.

*By Way of Deception* is the explosive chronicle of his experiences in the Mossad, and of two decades of their frightening and often ruthless covert activities around the world. Penetrating far deeper than the bestselling *Every Spy a Prince*, it is an insider's account of Mossad tactics and exploits.

In chilling detail, Ostrovsky asserts that the Mossad refused to share critical knowledge of a planned suicide mission in Beirut, leading to the death of hundreds of U.S. Marines and French troops. He tells how they tracked Yasser Arafat by recruiting his driver and bodyguard; how they withheld information on the whereabouts of American hostages, paving the way for the Iran-Contra scandal; and how their intervention into secret UN negotiations led to the sudden resignation of ambassador Andrew Young and the downfall of his career.

*By Way of Deception* describes the shocking scope and depth of the Mossad's influence, disclosing how Jewish communities in the U.S., Europe, and South America are armed and trained by the organization in secret "self-defense" units, and how Mossad agents facilitate the drug trade in order to pay the enormous costs of its far-flung, clandestine operation. And it portrays a network that has grown dangerously out of control, as internal squabbles have led to the escape of terrorists and the pursuit of "policies" completely at odds with the interests of the state of Israel.

(continued on back flap)

"This is a book that should be read in its entirety - Zionist influence from behind the scenes"

"I think people should consider this group - when terrorism is done, it's done by them"

This document is possibly the most important and controversial book of its kind since *Spycatcher*.

VICTOR OSTROVSKY was born in Canada of an Israeli mother and a Canadian Jewish father, but was raised in Israel. He became, at age 18, the youngest officer in the Israeli military. A weapons-testing expert, he was recruited by the Mossad and completed their extensive training program, becoming a *katsa*, or case officer, only to grow disillusioned with the organization's aims and operations. He is no longer a member of the Mossad.

CLAIRE HOY is one of Canada's leading writers, and the author of four books, including the 1987 bestseller *Friends in High Places*, an exposé of political patronage in the government of Prime Minister Brian Mulroney.
