Dear C-SPAN

It is great that there is a national forum that the people have access to.

However, on August 26, 1994 you had a gentleman who said that the 2nd ammendment does not allow people to own machine guns. He is/was wrong. All you have to do to prove this is send one of your staff to any IRS office and ask for an application to purchase a machine gun. You don't have to follow thru, just see that you can purchase/own full automatic weapons. -NEVER HAS A LEGALLY OWNED MACHINE GUN BEEN USED IN A CRIME!

What bothers me is that the

people you have on your morning
shows dispense false information.

Please caution your guests
that they do C-SPAN, themselves and the
Nation a great disservice when they
do not know what they are talking
about and talk and act like an expert.

Why not do a segment where
the guests represent Constitutional law
and history pertaining to firearms and
the reason for the 2nd Amendment.

Thank you for your time and
consideration.
