Dear Brian,

Concerning your program today, Monday Aug 23, with Pat Buchanan and the "Leftie".

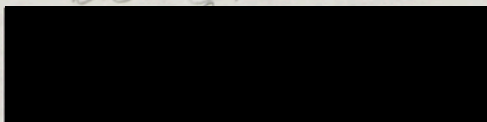

There is balance on C-Span (except when Eleanor Smeal was on) and I think the "Clintonites" who called in complaining just can't stand for the Conservatives to have any say.

I heard one of them call in to say you should screen out Conservatives so please know most of your audience consider C-Span a wonderful concept of broadcasting.

I have no apology to make for being conservative but it is always the liberals who keep saying "I don't think people should have labels - 'Conservative - Liberal' "

They may not like "liberal" label
but they sure show forth that
persuasion - very intolerant.

Thanks for C Span -
