Hello Brian Lamb + Associates,

I caught your De Toqueville program from France and scored another "A" for you and Susan Swain. I await your follow-up that is to trace De Toqueville's American travels.

You have already influenced my reading Democracy in America.

O-TOCg Also, pass along my praises to Connie, Lew, Steve et al — they are a great team. Don't tell Susan that I have a crush on Susan. I'm only 76!
