

What happened to the 45 min. @ 25:95
all right? Susan said wait the on.
Could not get early phone.
I do not like your present
format. I agree with
the fat Brian hand
read this morning (6:25 AM)
Drop the talking heads time
and let more viewers
call in. Every day, all
day, we listen to various
media representatives
pontificate. I love hearing
callers. Some dopey, some
very bright, but that's
what is interesting and
different. I hate the end-
less segments on Women's
Suffrage & that stupid
man with political
memorabilia. Brian is the
best at letting more callers
in - Love C-Span!
